## A Corrales Treasure: Pauline Eaton, Artist, 1935-2021

### Pauline Eaton's Credo as an Artist from "Crawling to the Light"

*"Only one who has a personal religion, a unique view of the universe,  
can be a true artist. "-- Friedrich Schlegel*

*"The purpose of life is spiritual growth. We are evolving souls.*

*We participate in the on-goingness of creation.*

*We participate for the purpose of extending opportunities for growth in each other.*

*We MUST participate, because this is when we are most in*

*God's image--that of creator--that this I, why we, in turn, were created."*

*In this sense, we are all artists or called to be such.*

*As an artist, I believe my role is to continue making connections and 'real'-izing my  
place in the FABRIC OF ALL THAT IS."*

---Pauline Eaton

Pauline was an artist for the world and identified with William Blake's intense belief that the spiritual and the manifest are totally entwined. She painted to express these beliefs and for the benefit of her audience. Pauline's paintings are in transparent watercolor, most of which are 46" x 36", but some reached up to 5-10 feet tall. Her work is striking, thought-provoking, and colorful.

We are fortunate that she and her husband, Charles, chose Corrales as their home in 1993. In 1998, she directed the first Corrales Art Studio Tour (CAST). Today, CAST is one of the largest and most successful studio tours in the Southwest. The Corrales Society of Artists (CSA) was formed in 2007 as Pauline and other local artists saw the need for a more formal organization and management of CAST. Now, CSA has a membership over 130 and CAST hosts over 80 artists, local galleries, and students from two local schools.

Pauline died last October at the age of 87. We are grateful for Pauline's pioneer work with CAST, CSA and her generosity in sharing time with other local artists in promoting a world class art community in Corrales.

## Welcome

The Corrales Society of Artists is proud to present the 24<sup>th</sup> Annual Corrales Art Studio Tour. We are pleased to bring together a world class gathering of artists for this year's Tour.

This year, 81 artists, 4 galleries and over 50 student artists from our two Corrales elementary schools will show their work at 35 venues that include not only the homes/studios of local artists but also historic bed and breakfast inns and selected local businesses.

Visitors should plan to visit the Preview Gallery at the historic San Ysidro Church, 966 Old Church Road, to get a tour catalog and map, view art from all participating artists and develop a tour plan. On the tour, visitors will see a variety of exceptional art, meet the artists, and in some cases tour their studios and see demonstrations of artists' creative processes.

Visitors can get more information on CAST by visiting our website, [www.corralesartstudiotour.com](http://www.corralesartstudiotour.com).

CAST is supported by many Corrales residents and local businesses. We enjoy strong sponsorship from local businesses year after year. They have been a vital component to our success. We value our relationships with them.

I invite all our community friends and visitors to our Village to take time to enjoy the charm and hospitality of Corrales, take the tour, meet local artists and celebrate great art.

Whether it's great food, a glass of wine, good coffee and/or a mug of local craft beer, CAST, the Village of Corrales and its merchants are prepared to offer an unforgettable day to visitors.

We're appreciate your interest and support.  
Thanks for visiting!

Ken Duckert  
President, Corrales Society of Artists

## Let us test your hearing! Here's why:

- Individuals with even just a mild hearing loss are three times more at risk of experiencing unexpected, injury-causing falls.
- Tinnitus (ringing in the ears) can accompany hearing loss and may be as debilitating as hearing loss.
- We hear with our brains, so untreated hearing loss can lead to cognitive difficulties and increase the risk of developing dementia and Alzheimer's.
- A hearing test is painless and takes less than an hour, with numerous, advanced options available to treat hearing loss.

## Corrales Society of Artists

Take the Journey into Art

In 2007, the Corrales Society of Artists (CSA) was formed as a State of New Mexico non-profit organization. The Corrales Art Studio Tour, a separate organization, lead by Pauline Eaton, began in 1998. Eaton, dedicated countless hours over the years to build the foundation of what has become one of the most successful studio tours in the region. CSA took over management of the studio tour in 2009.

Today, CSA is an 100-plus member strong organization that is both a federal and state 501 (c)(3) non-profit. Members come from all over the state of New Mexico and are full-time and part-time artists, retired teachers, nurses, engineers, writers, professionals starting second careers, individuals who enjoy the arts, individuals exploring their creative spirit and everyone in between.

Some CSA members have been perfecting their skills their entire lives while others are just beginning their journey into the arts. Some are young and some are well into their senior years.

The organization also works closely with local business and is part of a local business initiative. CSA has been a leader in the recent organization of a partnership of 25 Corrales organizations and businesses engaged in art, education, cultural events, and activities. With leadership from CSA, the Corrales Arts Partners was formed to provide a forum for groups to become more familiar with and provide support for the activities of other Partners, to explore ways to collaborate in areas of mutual interest, to collectively problem solve, and share resources. CSA also is playing a major role in seeking a designation for Corrales as a New Mexico Arts and Cultural District.

## Corrales Art Studio Tour 2022 Leadership Team Thank You!

There are many tasks that need to be done to produce a studio tour of this size. We are very fortunate to have an outstanding leadership team to manage event details. Furthermore, all participating artists contributes time and energy by volunteering for event jobs. Many of our artists have spouses and family that selflessly donate hours of their time and expertise to support our members and CSA events. We would like to recognize and thank all for their invaluable help and support. We are grateful for the time that each and every person has given to make this a successful endeavor.
