Welcome

The Corrales Society of Artists is proud to present the 25th Annual Corrales Art Studio Tour. This tour is a celebration of the arts and artists in the Corrales area which allows you to engage with the artists in an intimate setting while exploring the Village and its many side streets.

This year we have 93 artists, 4 galleries, and over 50 Corrales Elementary students exhibiting a variety of amazing artwork at 38 venues, which includes home studios, local galleries, and select local businesses.

The journey begins at the preview gallery located at the historic San Ysidro Church at 966 Old Church Road where you can pick up an artisan brochure, map and view art from all participating artists. By following the map and yellow signs, you can visit private studios and galleries where you will see a variety of exceptional art, meet the artists, learn about their creative inspiration, technical processes, and the tools and materials they use to make their unique handcrafted work.

CAST is supported by many Corrales residents and local businesses who share in passion and excitement that brings this event to our community. Year after year we enjoy strong sponsorship and support, which has been a vital component to our success. We cherish the valuable partnership and thank them for their generosity.

I invite you all to explore our vibrant local arts community while experiencing the amazing charm and hospitality the Village of Corrales has to offer. I am confident there is something for every person to enjoy, from the variety of artists and their mediums, to the selection of great food and drinks at our local restaurants.

We are happy to welcome you into our studios and hope you enjoy the tour. Visitors can receive more information on CAST by visiting our website at, www.corralesartstudiotour.com

Sincerely,
Jenn Noel
President of the Corrales Society of Arts

Let us test your hearing! Here's why:

- Individuals with even just a mild hearing loss are three times more at risk of experiencing unexpected, injury-causing falls.
- Tinnitus (ringing in the ears) can accompany hearing loss and may be as debilitating as hearing loss.
- We hear with our brains, so untreated hearing loss can lead to cognitive difficulties and increase the risk of developing dementia and Alzheimer's.
- A hearing test is painless and takes less than an hour, with numerous, advanced options available to treat hearing loss.

Corrales Society of Artists

Take the Journey into Art

In 2007, the Corrales Society of Artists (CSA) was formed as a State of New Mexico non-profit organization. The Corrales Art Studio Tour, a separate organization, lead by Pauline Eaton, began in 1998. Eaton, dedicated hours over the years to build the foundation of what has become one of the most successful studio tours in the region. CSA took over management of the studio tour in 2009.

Today, CSA is a 130-plus member strong organization that is both a federal and state 501 (c)(3) non-profit. Members come from all over the state of New Mexico and are full-time and part-time artists, retired teachers, nurses, engineers, writers, professionals starting second careers, individuals who enjoy the arts, individuals exploring their creative spirit and everyone in between. Some CSA members have been perfecting their skills their entire lives while others are just beginning their journey into the arts. Some are young and some are well into their senior years.

The organization also works closely with local business and is part of a local business initiative. CSA has been a leader in the collaboration of over 20 Corrales organizations and businesses engaged in art, education, cultural events, and activities. The partnership of these organizations and businesses provides support for art related activities, explore ways to collaborate in areas of mutual interest, to collectively problem solve, and share resources. CSA also is playing an important role in seeking a designation for Corrales as a New Mexico Arts and Cultural District.

Corrales Art Studio Tour 2023

Leadership Team Thank You!

There are many tasks that need to be done to produce a studio tour of this size. We are very fortunate to have an outstanding leadership team to manage event details. Furthermore, all participating artists contribute time and energy by volunteering for event jobs. Many of our artists have spouses and family that selflessly donate hours of their time and expertise to support our members and CSA events. We would like to recognize and thank all for their invaluable help and support. We are grateful for the time that each and every person has given to making this a successful endeavor.
