Welcome

The Corrales Society of Artists is proud to present the 26th Annual Corrales Art Studio Tour. This tour is a celebration of the arts and artists in the Corrales area which allows you to engage with the artists in an intimate setting while exploring the Village and its many side streets.

This year we have 87 artists, 5 galleries, and over 50 Corrales Elementary students exhibiting a variety of amazing artwork at 36 venues, which includes home studios and local galleries.

The journey begins at the preview gallery located at the historic San Ysidro Church at 966 Old Church Road where you can pick up an artisan brochure, map and view art from all participating artists. By following the map and yellow signs, you can visit private studios and galleries where you will see a variety of exceptional art, meet the artists, learn about their creative inspiration, technical processes, and the tools and materials they use to make their unique handcrafted work.

CAST is supported by many Corrales residents and local businesses who share in passion and excitement that brings this event to our community. Year after year we enjoy strong sponsorship and support, which has been a vital component to our success. We cherish the valuable partnership and thank them for their generosity.

I invite you all to explore our vibrant local arts community while experiencing the amazing charm and hospitality the Village of Corrales has to offer. I am confident there is something for every person to enjoy, from the variety of artists and their mediums, to the selection of great food and drinks at our local restaurants.

We are happy to welcome you into our studios and hope you enjoy the tour. Visitors can receive more information on CAST by visiting our website at www.corralesartstudiotour.com

Sincerely,
Jenn Noel
President of the Corrales Society of Artists

Let us test your hearing! Here's why:

- Individuals with even just a mild hearing loss are three times more at risk of experiencing unexpected, injury-causing falls.
- Tinnitus (ringing in the ears) can accompany hearing loss and may be as debilitating as hearing loss.
- We hear with our brains, so untreated hearing loss can lead to cognitive difficulties and increase the risk of developing dementia and Alzheimer's.
- A hearing test is painless and takes less than an hour, with numerous, advanced options available to treat hearing loss.

Corrales Society of Artists
CSA
Take the Journey into Art

The Corrales Society of Artists (CSA) was formed in 2007 as a State of New Mexico non-profit organization. In 1998, The Corrales Art Studio Tour began as a separate organization, lead by Pauline Eaton. Eaton built the foundation, and in 2009 CSA took over management of what has become one of the most successful studio tours in the region. Today, CSA is a 150+ member strong organization that is both a federal and state 501 (c)(3) non-profit. Members are full and part-time artists, teachers, nurses, engineers, writers, art enthusiasts, creative spirits and everyone in between.

CSA collaborates with Corrales organizations and businesses engaged in art, education, and cultural events. These partnerships provide support for art related activities and explore ways to collaborate, problem solve, and share resources.

Morning Star

Come and experience New Mexico's Finest! We offer luxury accommodations in a boutique bed & breakfast setting. The art of relaxation and hospitality is realized through thoughtful interior design of each suite.

The beautiful adobe home sits on two acres adjacent to the Corrales Bosque Reserve. As you drive down the lane to the property you will immediately notice a beautiful landscape of cottonwood trees. Regardless of the season, you will enjoy the many places to sit and take nature in.

A recent guest describes us this way. "Morning Star Bed and Breakfast is truly a very special retreat, an escape of the stress and constraints of today...Gracious warm and welcoming."

The home is shaded by giant cottonwoods and pines. A great room features a kiva fireplace and fabulous mountain views. Brick floors and timbered ceilings accent the southwestern architecture, and each room features artwork by local artists. There's also free wi-fi for guest who can't bear to be without their email.

Keep up with events at the inn by checking out their blog. It's their way of sharing adventures with their guests. Enhance your stay by adding one of our popular cooking classes or our romance package.
