27th Annual

Corrales Art Studio Tour

[www.corralesartstudiotour.com](http://www.corralesartstudiotour.com)

## Welcome

The Corrales Society of Artists is proud to present the 27th Annual Corrales Art Studio Tour. This tour is a celebration of the arts and artists in the Corrales area which allows you to engage with the artists in an intimate setting. Attending the tour provides a unique opportunity to discover a diverse range of artistic styles and mediums. It also allows you to directly support local artists by purchasing their work while experiencing the vibrant cultural scene in Corrales.

This year we have 84 artists, 5 galleries, and over 50 Corrales Elementary students exhibiting a variety of amazing artwork at 37 venues, which includes home studios and local galleries. The journey begins at the preview gallery located at the historic San Ysidro Church at 966 Old Church Road where you can pick up an artisan brochure, map and view art from all participating artists. By following the map and yellow signs, you can visit private studios and galleries where you will see a variety of exceptional art, meet the artists, learn about their creative inspiration, technical processes, and the tools and materials they use to make their unique handcrafted work. Visiting private studios and galleries offers a rare chance to see artists in their natural creative environments, providing insight into their artistic processes and inspirations. It fosters personal connections with the artists, enhancing your appreciation of their work and offering stories that make each piece even more meaningful.

CAST is supported by many Corrales residents and local businesses who share in the passion and excitement that this event brings to our community. Year after year we enjoy strong sponsorship and support, which has been a vital component to our success. We cherish the valuable partnerships and thank them for their generosity. I invite you all to explore our vibrant local arts community while experiencing the amazing charm and hospitality the Village of Corrales has to offer.

We are happy to welcome you into our studios and hope you enjoy the tour. Visitors can receive more information on CAST by visiting our website at [www.corralesartstudiotour.com](http://www.corralesartstudiotour.com)

Sincerely,  
Jenn Noel  
President of the Corrales Society of Artists

## In Memoriam - Ivana Starcevic

Ivana was an award-winning contemporary expressionistic painter based in Albuquerque and Corrales. A valued member of the Corrales Society of Artists, she was also recognized as a 2022 Albuquerque Arts Business Association Local Treasure.

Her paintings, rich in color, movement, and energy, captured the essence of raw landscapes, radiant light, and the brilliant hues of the New Mexico sky. Inspired by the Southwest, her large-scale works were painted from memory, guided by intuition, and fueled by imagination. With a bold style and an often spontaneous, textured approach, her passion and curiosity infused every piece.

Ivana's work is held in both public and private collections, including the City of Albuquerque's "Art in Public Spaces" program. Permanent collections of her paintings can be found at the high-tech Senspex building and in a dedicated collection of large-scale works at the New Mexico Cancer Center.

# In Memoriam - Ken Duckert

Ken Duckert was a pillar of the Corrales community and a driving force behind the Corrales Society of Artists (CSA). Serving multiple terms as president and previously as studio tour director, he played a vital role in shaping the organization's growth and spirit.

As an accomplished photographer, Ken had a keen eye for the beauty of wildlife and nature. His work was a creative blend of dynamic composition and texture, capturing images that spoke to life's simplicity and natural elegance. He believed that fine art photography was more than a frozen moment in time—it was a universal language that touched the human spirit and evoked deep emotions. As he once said, "When we find art we like, we often say it speaks to us. I believe art provides a personal and spiritual connection with what's important to each of us."

Beyond his artistic talent, Ken was a leader who fostered inclusivity within the CSA. He welcomed new members with warmth, creating a strong sense of belonging and support that enriched the entire community. His legacy of leadership, creativity, and kindness will be deeply missed.

The Corrales Society of Artists (CSA) was formed in 2007 as a State of New Mexico non-profit organization. In 1998, The Corrales Art Studio Tour began as a separate organization. In 2009 CSA took over management of what has become one of the most successful studio tours in the region. Today, CSA is a 150+ member strong organization that is both a federal and state 501 (c)(3) non-profit. Members are full and part-time artists, teachers, nurses, engineers, writers, art enthusiasts, creative spirits and everyone in between.

CSA collaborates with Corrales organizations and businesses engaged in art, education, and cultural events. These partnerships provide support for art related activities and explore ways to collaborate, problem solve, and share resources.
